**Chab Dai Coalition** is based in Phnom Penh, and led by a team of 4 Cambodian Directors and a team of 27 staff.

# Our Ethos for Collaboration

We believe collaboration is critical if communities & organizations are going to see change on a large scale. Every year we host Bi-Annual Member Meetings. This year we focused on:

## Dignity in Media & Communications

At our November meeting we focused on the importance of showing dignity & respect in fundraising efforts, both in story telling and use of client photos. Workshops were conducted by member staff, and we shared our new *Media & Communications Policy*.

## Committing to Excellence

In May we introduced the *Chab Dai Charter*, which is a set of principles & an implementation tool to encourage members to raise the standard of care. At the meeting, members shared examples of their commitment to excellence, and gave feedback into the *Chab Dai Charter Implementation Tool*.

# 2 PREVENTION & INTERVENTION

**Aim:** To empower & equip communities to protect children from trafficking, abuse & exploitation.

## *The Impact of Networking*

One woman who participated in our prevention training took home two Help Cards: one for her, & one she gave to her husband.

Later two of her nieces were sold to a brothel near the Thai border. One of the sisters escaped and selling the jewelry she was wearing to buy phone credit, she dialed her Uncle for help. He remembered the Help Card his wife gave him and called Chab Dai's 24/7 hotline for help...

### **The collaborative response was quick!**

Our Vietnamese Prevention Project Manager networked with legal partners & the police to arrest the trafficker within 24 hours, and returned the women safely to their family.

*\*\*Chab Dai does not intervene or rescue alone, and you can see why: partnering with legal & social service partners is highly effective & efficient!*

## *Urban and Church & Community Prevention Projects*

- ✓ **Trained a total of 421 community leaders**, including pastors, teachers, government officials, monks, & organization staff
- ✓ **Focused on training about issues of sex tourism, trafficking, child protection, and safe migration** in 8 provinces
- ✓ Travelled with **206 trained leaders who educated over 9,300 fellow villagers in schools, churches, and remote villages**

## *Vietnamese Prevention Project*

- ✓ **Trained 5,282 children & adults about trafficking and child protection**
- ✓ **Heard testimonies of community members who now understand child rights & have stopped trafficking children**

## *Help Cards & Hotline Calls*

- ✓ **A total of 48,259 Help Cards** were distributed by all 3 prevention projects!
- ✓ Cases continued to be reported to our 24/7 hotline number
- ✓ Posted **trafficking awareness posters and stickers** in prominent public places in all training venues
- ✓ **Over 70 cases** were reported & referred to legal & social service partners this year!

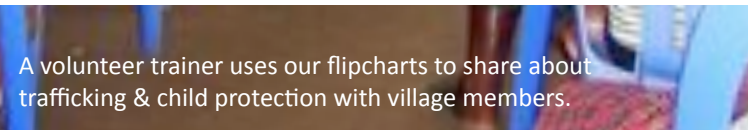

## *\*New\* Projects Coming Next Year!*

- ✓ **Case Support Project** will begin in June 2011 due to the increase in calls being referred through our hotline & Help Cards
- ✓ **Community Heroes Project** will identify trained community leaders who are still

passionate about raising awareness and equip them to share about child protection, trafficking, & safe migration in more villages & rural areas

*'Over 70 hotline calls came from the community this year ... we **NETWORK** to intervene & they **TRUST** our quick response!'*

*Chan Saron | Case Support/ Hotline Project Manager*
